Everything you see is baked from scratch with love in our kitchen.

- OUR COFFEE -

Coffee is just coffee, right? You may have already guessed that that's not what we think! We love how diverse and incredibly exciting coffee can be! To this end we use what is termed speciality grade coffee. Roughly this is the top 10% of the world's coffee production in terms of quality. It is grown, harvested, processed, exported, roasted and finally brewed by us in ways that try to bring the best out of the coffee. If you are interested in reading more, check out the A5 clipboard on your table.

- WHAT YOU ARE EATING -

We take particular care in sourcing every ingredient that is on this menu. We use free range eggs that are laid just outside Whiterashes at Blackness Steading and the majority of our vegetables are grown as locally as possible. The 'happy' meat that we use has been lovingly reared by local farmers and then butchered by our favourite butcher, Ewan Morrice, in Stuartfield. Most of the fish we use comes straight to us from Aberdeen harbour. All our dry ingredients, chocolate, sugar, flour, etc. that come from overseas are all ethically traded with many of them carrying the Fairtrade mark. For more information, see the A5 clipboard on your table.
